

A-Z OF TILING

Every week as part of our “Stay Positive, Back Stronger” campaign we will be providing you with our A-Z of Tiling Terms. Get in-depth description of many of the common tiling terms, plus some expert insight or top tips from our team.

V

VITRIFIED

A highly compressed porcelain tile which is highly impervious to water penetration.

BAL INSIGHT

The process of vitrification makes vitrified tiles much stronger and more durable than ceramic tiles. This means they will be harder to cut and work with during installation but more resistant to damage once installed.
